General Information

The Ballettschule Theater Basel is the largest professional school for dance in the tri-country area of Switzerland, Germany and France and is recognized worldwide as one of the leading professional schools in Europe. Our Junior School provides children and teenagers with high quality classes and our Senior School trains talented students who aspire to a career as a professional dancer. Graduates have joined renown companies throughout the world.

The school is closely linked to the city of Basel and the ballet company in Basel. The close association with Ballett Theater Basel and its director, Richard Wherlock, allows students to experience the daily artistic life of a professional theatre and enables selected students to participate in the company's performances and projects. Scholarships are awarded to exceptionally talented and committed students as required.

We work together with regionally, nationally and internationally successful teachers, guest teachers and pianists. In addition to being exposed to the creative process by working with present day choreographers such as Richard Wherlock and Heinz Spoerli, students have performed works of Kenneth McMillan and George Balanchine, two of the greatest choreographers of the 20th Century.

BTB is a Prix de Lausanne Partner School. The Prix only recognizes schools in the world that have an exceptionally high level of dance education. The school aspires to meet this standard every day.

All professional students have the opportunity to receive an academic education and graduate with a "Diploma of Professional Dance" (EFZ) that is recognized by the Swiss Federal Government.

All students and members of staff are fully committed to achieving the highest standards of excellence. At the same time, our philosophy places the physical and emotional wellbeing as well as the personal development of our students at its core.

FAQ – Frequently asked questions

DANCE

How many hours of classes are there per week?

Around 24 – this includes ballet technique, pointe, variations, pas de deux, modern, yoga, and our fitness program.

Are there performances?

We consider performing a very important aspect of a dance education. The school does a full-length production of Nutcracker every December on the main stage of the Basel theater as well as our Summer Gala in late May or June. We additionally do smaller performances and demonstrations throughout the year.

How many students are in a class?

Normally between 8 and 15.

Do you send students to competitions?

We do sometimes send students to competitions, but only when we feel they are at a stage in their development to be able to do well and to profit from the experience. We generally do not send students to competitions in their first year of study. The competitions are usually YAGP or the Prix de Lausanne.

What about school uniforms?

BTB orders the uniforms for you, and they are paid for in advance with the boarding fees. Boys and girls need to provide their own shoes and girls need to provide their own pink tights. We prefer Freed Pointe shoes, but we normally have a representative of Freed visit the school in August to do a proper fitting with each of the girls. As the delivery time for Freed is quite long, we advise new female students to bring enough pointe shoes to last through November.

What is a typical day like?

On Monday, Tuesday and Wednesday the day starts at 8:15 with ballet class followed either by pointe class, variations, pas de deux or modern. They may also be yoga, fitness, or some rehearsals. Students attend school in the afternoon and there is often a modern class or rehearsal afterschool. On Thursday and Friday there is no academic school, only dance classes. On Saturday we have classes for half a day and as the year goes on sometimes rehearsals in the afternoon.

Where are your graduates working?

We have a placement rate of 85 – 95 %.

Our graduates have started their careers in companies around the world including: Ballett Basel, Zürich Junior Ballet, ABT Studio Company, English National Ballet, NDT2, Royal Danish Ballet, Las Angeles Ballet, Ballet Dortmund, Finnish National Ballet, Croatian National Ballet, Ballett der Deutsche Oper am Rhein Düsseldorf, Scapino Ballet and many others.

Yes, all students from foreign country need a visa.

For students from the EU/EFTA BTB, BTB will apply for the visa. To do so, we require the complete registration submitted that is sent to you after acceptance confirmation.

Students who are not from the EU/EFTA need to apply for their visa individually at the Swiss embassy of their home country.
